The County levies property taxes on the 3rd Monday of August which become due and payable in two equal installments on the 1st day of October and March for the General Fund, the Library and Flood Control Districts. The general fund portion is levied on primary assessments and is used for general governmental services. The Library and Flood Control Districts are levied on secondary assessments and used for operations and infrastructure. The Debt service, beginning fiscal year 2006/07, is for repayment of voter approved construction bonds for the Library District. The total adopted tax rate this year is \$2.7747, the lowest rate since 1986/87.

Though the tax rates for these districts is lower, the levies have increased 5.9% for the general fund, 5.7% for Library Operations. There is no change in the Flood Control levy. This is mainly a product of new construction; the increase impact on existing property is an increase of 2% for the general fund and 2.4% for Library Operations. Debt Service levies are based on the bond repayment schedule. This levy should not change much year to year. The tax rate is anticipated to decrease as new construction is added in the County. The total adopted levy for this fiscal year 2009/10 is \$36.1 million, which is a 4.3% increase compared to last year.
