

YUMA COUNTY PUBLIC HEALTH SERVICES DISTRICT

2200 W. 28th Street, Yuma, AZ 85364
Phone: (928) 317-4550 Fax: (928) 317-4591

Diana Gomez
Director

March 2013

To Whom It May Concern:

This letter serves to provide the most current information regarding the services being provided by the Yuma County Health District **Immunization Department**. As you may know there were changes made at the Federal and State level affecting who is eligible to receive publicly purchased vaccine. The bulk of these changes affected the Privately Insured and the “Underinsured” Populations.

The Yuma County Health District is able to provide vaccines to the following populations:

- 1) Anyone 18 years and younger who is on AHCCCS (APIPA/HealthChoice)
- 2) Anyone who is uninsured
- 3) Anyone who has insurance that does not cover immunizations is considered to be Underinsured (High deductibles and co-pays for immunizations are not considered “Underinsured”), this is made possible through an agreement with a Federally Qualified Health Center
- 4) Anyone with private insurance is welcome to come to the Health District and the staff will work with them on a case by case basis. (The Health District is working with the Arizona Partnership for Immunizations to procure billing contracts with private insurance companies.)

Please know that the Health District is committed to providing quality immunization services to the constituents of Yuma County. We work hard to keep our information up to date, so please visit our webpage for additional information:

www.yumacountyaz.gov/immunization

or give us a call at 928-317-4559.
