The County levies property taxes on the 3rd Monday of August which become due and payable in two equal installments on the 1st day of October and March for the General Fund, the Library and Flood Control Districts. The general fund, library and flood districts are levied on primary assessments. The general fund portion is used for general governmental services. The Library and Flood Control Districts are levied for operations and infrastructure. The Library Debt Service, beginning fiscal year 2006/07, is for repayment of voter approved construction bonds for the Library District. The total recommended tax rate this year is \$3.5904.

The tax levies for the general fund increased by approximately half of the maximum allowable by statute to achieve stability in the general fund plus new construction. The library operations fund increased by .05 to begin stabilizing the library operations fund. The flood district levy increased slightly due to a slight increase in assessed values. The Library Debt Service levy is based on the bond repayment schedule, and should not change substantially from year to year except for changes resulting from assessed values.
