

DEVELOPMENT SERVICES

MAJOR FUNCTIONS

Vacant, Director

To protect and enhance the health, safety and welfare of Yuma County and its citizens.

Environmental Programs Division:

Manages, administers, implements and coordinates environmental project programs for which Yuma County has a responsibility; these include specific aspects of storm water management, pollution prevention, the Federal Clean Water Act requirements, and air quality management. The Section also performs risk management assessments for environmental issues. In addition, the Environmental Programs Section administers the Yuma County Delegation Agreement with the Arizona Department of Environmental Quality for septic permitting, aquifer protection, solid waste oversight and initial investigation of all environmental complaints.

Building Safety Division:

Conducts building related code enforcement to ensure that the safety contemplated by its various codes becomes an accomplished fact. Building Safety is built on the foundation of the “One Stop Shop”.

Plans Examining Section: Reviews plans for all permitted structures per adopted building codes.

Building Inspection Section: Inspects permitted projects to ensure consistency, accuracy and safety.

Engineering Division:

Plans, designs and constructs the Yuma County Highway System, including all public road surfaces, bridges, drainage structures, and related supporting highway physical structures. The Division provides support for other County department sponsored Capital Improvement Plan Projects.

Civil Drafting Section: Provides design layout capabilities for the Engineer’s design concept and criteria on County design projects.

Construction Section: Inspects, tracks and keeps approved construction projects on schedule and minimizes change orders.

Engineering Section: Conducts plan reviews, designs projects and prepares projects for bidding.

Right-of-Way Section: Acquires property needed for County/public rights of way (ROW). It processes the establishment of County roads and the approval of encroachment permits for public utilities and private property owners into the County ROW’s. The Section also processes requests for the abandonment of County roads, public roads and the extinguishments of ROW easements.

Customer Service Division:

Accepts permit applications, reviews plans, processes and approves permits.

Permit Tracking Section: Administers the computerized permitting system.

DEVELOPMENT SERVICES

MAJOR FUNCTIONS-(Concluded)

Planning & Zoning Division:

Planning & Zoning Division: Responsible for the planning and enforcement of all related land use activities in Yuma County.

Planning Section: Administers the zoning and subdivision ordinances, supports the Yuma County Planning & Zoning Commission, the Board of Adjustment, the Airport Board of Adjustment, and the Board of Supervisors. It also processes matters relating to the Yuma County Comprehensive Plan, modernization of the County development ordinances and their related regulations. The Section reviews all plans and studies relating to Yuma County’s Comprehensive Plan and County-wide development.

Zoning Enforcement Section: Enforces the Yuma County Zoning Ordinance, primarily on a reactive basis.

Administration Division:

Provides administrative support and records management for the department; including budget preparation and maintenance, meeting support for Boards and Commissions, coordinates training, database development, web page design and maintenance, and administers document imaging system.

Grants Section: Evaluates project feasibility, develops the scope of the projects and secures outside (usually State or Federal) resources to implement them.

Flood Control District:

Minimizes the impacts and protects life and property from flooding. The District annually prepares a Flood Control Assessment Report and Capital Improvement Plan.
