

YUMA COUNTY SAFETY EXCELLENCE AWARD PROGRAM

Staff recognition and reward for a job well done fulfills a basic human need for acknowledgement and affirmation. When staff are recognized for their contributions, they naturally engage at a higher level and safety awareness increases. The overall goal of a safety recognition program is to drive positive safety behavior and ultimately impact losses to an organization.

Any employee can nominate another County employee!

**** All safety nominees will receive a Safety Excellence Award challenge coin and a Yuma County Safety Excellence Award ceramic mug. The *Safety Excellence Award Winner* will receive not only the challenge coin and ceramic mug but also a quarterly award of \$100. All safety nominees will be automatically submitted for the Annual Safety Excellence Award of \$250**

Some examples of staff safety efforts could include:

- ✓ Reporting unsafe work conditions
- ✓ Observation of an employee who assists someone who needs help regarding a safety or health matter
- ✓ Performance that promotes or instructs another employee in the safe way to perform a task
- ✓ Staff efforts that directly influence the safe completion of a job/project
- ✓ Staff efforts that increased employee/workgroup safety knowledge
- ✓ Contributed to safety in the work area or increased employee safety awareness
- ✓ Staff efforts directly served a department safety goal
- ✓ Demonstrated exceptional safety leadership in all they do
- ✓ Prevents an accident or injury to employees or others
