PROCEDURE FOR REZONING

1. **Purpose**

A rezoning action involves the changing of the current zoning district to a new zoning district that provides for other types of uses. Zoning districts are geographically defined areas, each of which allow and/or restrict a variety of uses and building intensities in order to encourage and protect the health, safety and general welfare of Yuma County and its citizens. The various zoning districts and the permitted uses in those districts are explained in the Yuma County Zoning Ordinance and shown on the Yuma County Official Zoning District Maps. The ordinance and maps are available for review or purchase at the Department of Development Services offices. For assistance, please call (928) 817-5000 and ask for the Planner-on-Duty.

2. **How to Apply**

The property owner or his designated agent must come to the Department of Development Services located at 2351 West 26th Street. Planning staff will provide the appropriate forms and will help identify the information that is required. A time to meet with the assigned Planner will be set at the time of the application.

Information that is **required** to begin the application process includes the following:

- Name, address and phone number of owner and agent
- Existing and requested zoning districts
- Signature of the person making application, including the selection of the appropriate box showing representation
- Assessor's Parcel Number (APN) & legal description (obtained from deed or tax records)
- Verification by Staff whether the request will trigger an amendment to the Comprehensive Plan or the Joint Land Use Plan.
- Applicable **Schedule for Development** of the specific use or uses for which rezoning is requested.
- A completed Planning and Zoning Application Form
- A completed Amendment Determination Form
- Any development plans, site plans, drawings or evidence to support or explain your request (recommended for a commercial / industrial request)

Additional **optional** information for application:

- Letters of support from neighboring property owners

3. **Fees**

A **non-refundable** fee is required at the time the application and support information is submitted. Fees are based on the zoning district requested and the acreage involved in the request. Fees are as follows:

- Rezoning to **RA, R-1, R-2, R-3, MHS, MHP, RVS, RVP, SR or SSB**: \$1,040.00 + \$40.00 per acre or portion thereof;
- Rezoning to **RC, C-1, C-2, OS/RR, SA/RL, PF, TCU, or VCO**: \$1,090.00 + \$40.00 per acre or portion thereof;
- Rezoning to **LI, HI or II**: \$1,350.00 + \$40.00 per acre or portion thereof;
- Rezoning to **PD**: \$1,465.00 + \$40.00 per acre or portion thereof.

4. **Scheduling your Hearing**

Once the application, support information and fee are complete and submitted, the rezoning request is placed into a pending case file in the order it is received. Each case is scheduled for the next available Planning and Zoning Commission public hearing. These meetings are generally held on the second and fourth Mondays of each month. The applicant will be notified to meet and review the draft staff report and the hearing report to the Commission. The applicant will be notified in writing of the meeting time and date. There is no guarantee of placement on a particular date or agenda. Staff report and recommendation is made available to the owner/agent prior to the hearing.

5. **Planning Commission Hearing**

The Planning Commission consists of ten members, two appointed from each of the five districts of the Board of Supervisors. In order to have a public hearing there are several time-sensitive notice requirements that are set by State law. These notices include a newspaper publication, letters to property owners a minimum of 300 feet around the subject property, and posting the subject property. All of these notices are performed by staff. At the hearing, the Commission reviews the reports and recommendations of the staff and listens to public input from all concerned parties. The owner or his agent must be present at the meeting to hear the proceedings and to answer any questions the Commission may have on the case. The Commission then makes a recommendation, which is forwarded to the Board of Supervisors. These recommendations are not binding on the Board of Supervisors.

6. **Board of Supervisors' Hearing**

The Board of Supervisors consists of five elected members who normally meet on the first and third Monday of each month. At these hearings, the Board will consider reports and recommendations from the Planning Commission and listen to public input from all concerned parties. According to State law, if twenty percent (20%) or more of the property owners by area and number within three hundred feet of the subject property file protests, an affirmative vote of three-fourths of all members of the Board of Supervisors will be required in order to approve the request. The owner or his agent must be present at the meeting to hear the proceedings and to answer any questions the Board members may have on the case. The Board can approve, conditionally approve or deny the request. The request for a rezoning can also be continued to a future date or referred back to the Commission if necessary. Once approved or denied, the action of the Board is final (unless appealed to Superior Court). The rezoning becomes effective after conditions placed on the approval are satisfied or a minimum of 30 days following the adoption hearing. Action by the Board may be executed by emergency measure based upon no party protesting a majority vote of the Board.

7. **Final Hearing and Closure**

Prior to the Board of Supervisors hearing, the applicant will be contacted to meet and discuss the actions of the Commission. A second series of time-sensitive notices that are prescribed by law are done by staff prior to the Board of Supervisors hearing. Staff report and recommendation is made available to the owner/agent prior to the Board of Supervisors hearing. Once the Board of Supervisors meets and makes a decision, the applicant will be contacted to meet and review the final conditions and performance requirements of the zone change action. A written closure letter to the applicant will include the list of any conditions, Notice of Official Board Action (NOBA) and a customer service survey (your response is greatly appreciated).
