**Question of the Day: What are the key highlights from Governor Ducey's press conference from yesterday? (Source: Office of the Governor Doug Ducey)**

Governor Doug Ducey today announced additional actions to contain the spread of COVID-19, including the signing of an executive order that requires restaurants with indoor seating to operate at less than 50 percent capacity. In addition, Governor Ducey and Arizona Department of Health Services Director Dr. Cara Christ announced new initiatives to boost staffing in underserved areas, get test results to Arizonans faster, and further enhance hospital staffing and capacity. Below are some key highlights from the press conference.

- **Expanding Testing Partnership with ASU**  
The Arizona Department of Health Services (ADHS) is partnering with Arizona State University to provide saliva-based COVID-19 testing to Arizonans. The first drive-through site will be offered on Saturday, July 11 in the West Valley. ASU is working with ADHS on details related to future testing sites around the state.
- **Project Catapult To Increase Test Processing Capability**  
ADHS is also partnering with Sonora Quest Laboratories and Euroimmun/PerkinElmer to expand processing capabilities of COVID-19 diagnostic tests. Under this partnership, Sonora Quest expects to increase processing capacity to 35,000 diagnostic tests per day by the end of July, and up to 60,000 tests per day by the end of August.

Recently, the Governor's Office worked with ADHS, the White House and HHS to procure an additional Roche testing machine for Sonora Quest Laboratories to further support testing in the state. The Roche testing machine helps increase testing throughout the state by delivering quick results and processing a high volume of patient samples.

- **Launching Staffing Initiative**  
Arizona will offer support to staff up to 20 percent of licensed beds and nursing resources for hospitals that participate in the Arizona Surge Line. The staffing will be administered by the Arizona Surge Line and applications are currently being accepted.

Yuma County health officials confirm “community spread” of COVID-19 throughout Yuma County. We encourage all residents to take the necessary precautions including physical distancing and staying home if you are sick. Remember to:

- Wash your hands often with soap and water for 20 seconds.
- Avoid touching your face, especially your eyes, nose, and mouth.
- Avoid people who are sick, and avoid groups of 10 people or more.
- Clean and disinfect frequently-touched surfaces like light switches, door knobs, electronic devices, etc.
- Stay home if you are sick so you do not expose others.
- Practice physical distancing, staying 6 feet away from others.
- Cover your mouth and nose with a cloth face cover when around others.

### **Marine Corps Air Station Yuma**

Effective April 6, 2020 and until further notice the Trusted Traveler Program is cancelled. This is an additional safety measure that #MCASYuma is taking in order to help stop the spread of #COVID19.

What this means is that essential personnel that do not have common access card (CAC) and Department of Defense (DOD) identification cards are not authorized to come aboard the base without going to the Pass and Registration office and obtaining a base access pass. Essential personnel may obtain base access by providing the appropriate paperwork to the Pass and Registration Office during working hours.

ALL VISITORS will be required to provide justification for needing access to the installation and will not be granted access to the base simply because they know someone that has a CAC or DOD identification card who will be sponsoring/escorting them aboard the base.

As of April 6, 2020, sponsoring a visitor aboard MCAS Yuma that does not have a CAC or DOD identification card is strictly prohibited unless approved at the Pass and Registration Office.

### **YUMA PROVING GROUND**

Although certain access restrictions directed by the Department of the Army are in place, Yuma Proving Ground's essential test mission in support of Army modernization priorities continues. Access to Yuma Proving Ground is currently restricted to the following:

- \*YPG residents, including Travel Camp residents
- \* YPG employees
- \* Civilian contractors who work at YPG
- \* Other personnel who come to YPG for an authorized purpose (including personnel on official orders to YPG, DoD retirees/ID card holders, and delivery drivers)
