Question of the Day: What were some of the key takeaways from Governor Ducey's press conference yesterday? (Source: Office of the Governor Doug Ducey)

- Governor Ducey extended the pause on the operation of gyms, movie theaters, water parks and tubing operations. This executive order will be evaluated for revision every two weeks.
- ADHS will be working with the Arizona Department of Education to develop public health benchmarks for the safe return of in-person, teacher-led classroom instruction. These benchmarks will be consistent with the Centers for Disease Control and Prevention and will be completed by Friday, August 7, 2020.
- Local school leaders will make the determination on when to physically open for regular classes, and consider these recommendations, guidance from county health officials, community needs and available resources to determine when to open.
- Governor Ducey [announced the Arizona: Open for Learning plan](#) to provide maximum options for Arizona families, ensure students receive a full academic year of education, invest a total of \$440 million in federal dollars to our schools, and give local school leaders the flexibility and public health guidance to make the best decisions for their students. The plan was developed in consultation with school leaders from across the state, school advocates and Superintendent Hoffman.

Marine Corps Air Station Yuma

Effective April 6, 2020 and until further notice the Trusted Traveler Program is cancelled. This is an additional safety measure that #MCASYuma is taking in order to help stop the spread of #COVID19.

What this means is that essential personnel that do not have common access card (CAC) and Department of Defense (DOD) identification cards are not authorized to come aboard the base without going to the Pass and Registration office and obtaining a base access pass. Essential personnel may obtain base access by providing the appropriate paperwork to the Pass and Registration Office during working hours.

ALL VISITORS will be required to provide justification for needing access to the installation and will not be granted access to the base simply because they know someone that has a CAC or DOD identification card who will be sponsoring/escorting them aboard the base.

As of April 6, 2020, sponsoring a visitor aboard MCAS Yuma that does not have a CAC or DOD identification card is strictly prohibited unless approved at the Pass and Registration Office.
