 - Ventilator Usage & Availability
 - Hospital COVID-19 Specific Metrics

**Question of the Day: What is convalescent plasma and who is eligible to donate?
(Source: United States Food and Drug Administration)**

- Convalescent plasma is the liquid part of blood that is collected from patients who have recovered from the novel coronavirus disease, COVID-19.
- COVID-19 patients develop antibodies in the blood against the virus. Antibodies are proteins that might help fight the infection.
- Convalescent plasma is being investigated for the treatment of COVID-19 because there is no approved treatment for this disease and there is some information that suggests it might help some patients recover from COVID-19.
- People who have fully recovered from COVID-19 for at least two weeks are encouraged to consider donating plasma, which may help save the lives of other patients.
- COVID-19 convalescent plasma must only be collected from recovered individuals if they are eligible to donate blood. Individuals must have had a prior diagnosis of COVID-19 documented by a laboratory test and meet other donor criteria. Individuals must have complete resolution of symptoms for at least 14 days prior to donation. A negative lab test for active COVID-19 disease is not necessary to qualify for donation.
- *If you are interested in donating please [click here](#).*

Yuma County health officials confirm “community spread” of COVID-19 throughout Yuma County. We encourage all residents to take the necessary precautions including physical distancing and staying home if you are sick. Remember to:

- Wash your hands often with soap and water for 20 seconds.
- Avoid touching your face, especially your eyes, nose, and mouth.

- Avoid people who are sick, and avoid groups of 10 people or more.
- Clean and disinfect frequently-touched surfaces like light switches, door knobs, electronic devices, etc.
- Stay home if you are sick so you do not expose others.
- Practice physical distancing, staying 6 feet away from others.
- Cover your mouth and nose with a cloth face cover when around others.

JOINT INFORMATION CENTER (JIC) UPDATE

NOTE, some of the below information has been updated from previous releases. Please be sure to read all segments.

Questions from the public can be emailed to: COVID@yumacountyaz.gov

These questions will be collected, categorized and answered through the DAILY UPDATE and a future DAILY LIVE program on YUMA 77 & Yuma County Government FACEBOOK LIVE

CITY OF YUMA

City Hall and other facilities normally offering public access will open Wednesday, July 29 on the following schedule:

- Tuesdays and Thursdays: 8 a.m. to 3 p.m.
- Wednesdays: 8 a.m. to 5:30 p.m.

For the time being, city facilities will remain closed Mondays and Fridays.

Facial coverings are required of all visitors as well as city employees. Visitors should also observe social distance from others.

Marine Corps Air Station Yuma

Effective April 6, 2020 and until further notice the Trusted Traveler Program is cancelled. This is an additional safety measure that #MCASYuma is taking in order to help stop the spread of #COVID19.

What this means is that essential personnel that do not have common access card (CAC) and Department of Defense (DOD) identification cards are not authorized to come aboard the base without going to the Pass and Registration office and obtaining a base access pass. Essential personnel may obtain base access by providing the appropriate paperwork to the Pass and Registration Office during working hours.

ALL VISITORS will be required to provide justification for needing access to the installation and will not be granted access to the base simply because they know someone that has a CAC or DOD identification card who will be sponsoring/escorting them aboard the base.

As of April 6, 2020, sponsoring a visitor aboard MCAS Yuma that does not have a CAC or DOD identification card is strictly prohibited unless approved at the Pass and Registration Office.

YUMA PROVING GROUND

Although certain access restrictions directed by the Department of the Army are in place, Yuma Proving Ground's essential test mission in support of Army modernization priorities continues. Access to Yuma Proving Ground is currently restricted to the following:

- *YPG residents, including Travel Camp residents
- * YPG employees
- * Civilian contractors who work at YPG
- * Other personnel who come to YPG for an authorized purpose (including personnel on official orders to YPG, DoD retirees/ID card holders, and delivery drivers)

PUBLIC is urged to follow on [FACEBOOK](#) & [TWITTER](#) as well as sign up for [Yuma County eNOTIFICATIONS](#)

DON'T FORGET!!!! THE JOINT INFORMATION CENTER REMINDS EVERYONE that while you're at home REMEMBER it is easy to respond to the [CENSUS ONLINE!!!!](#)
