Marine Corps Air Station Yuma

Effective April 6, 2020 and until further notice the Trusted Traveler Program is cancelled. This is an additional safety measure that #MCASYuma is taking in order to help stop the spread of #COVID19.

What this means is that essential personnel that do not have common access card (CAC) and Department of Defense (DOD) identification cards are not authorized to come aboard the base without going to the Pass and Registration office and obtaining a base access pass. Essential personnel may obtain base access by providing the appropriate paperwork to the Pass and Registration Office during working hours.

ALL VISITORS will be required to provide justification for needing access to the installation and will not be granted access to the base simply because they know someone that has a CAC or DOD identification card who will be sponsoring/escorting them aboard the base.

As of April 6, 2020, sponsoring a visitor aboard MCAS Yuma that does not have a CAC or DOD identification card is strictly prohibited unless approved at the Pass and Registration Office.

YUMA PROVING GROUND

Although certain access restrictions directed by the Department of the Army are in place, Yuma Proving Ground's essential test mission in support of Army modernization priorities continues. Access to Yuma Proving Ground is currently restricted to the following:

*YPG residents, including Travel Camp residents

- * YPG employees
- * Civilian contractors who work at YPG
- * Other personnel who come to YPG for an authorized purpose (including personnel on official orders to YPG, DoD retirees/ID card holders, and delivery drivers)
